

## **Deliverable 4**

**Due:** Sunday, October 15th at 11:59PM

- Construct a DCF for PayPal
  - Use any placeholder number for the Terminal Multiple Method – you will not be able to put in an accurate number because you have not completed a comparable companies analysis yet.
- Remember to use proper Excel formatting - hard code certain line items (blue font), use formulas for calculations (black font), and use italics for assumptions

Format: Excel File
